Conservation Technician position at the Hirshhorn

Closing: Tuesday, September 1, 2020

The Smithsonian Institution’s Hirshhorn Museum and Sculpture Garden has a requirement for the services of a Conservation Technician who will assist with the routine activities of the conservation laboratory and collections management department. These include assistance with conservation treatments and documentation, exhibition activities such as condition reporting, gallery maintenance, environmental monitoring, organization of hard copy and digital files, maintaining chemical and equipment inventories, and assisting with and coordinating lab safety activities.

The award will be performed within a 12-month period, ideally working 3 days a week, with a projected start date of mid-October 2020. All work will be performed on site at the Hirshhorn Museum and Sculpture Garden in Washington, D.C. The award is not to exceed $30,500.00. The "Request for Quote" and "Statement of Work" documents can be requested by contacting Stephanie Lussier (LussierS@si.edu). The deadline for submission is September 1, 2020.
