DESCRIPTION: This position exists to plan, organize, and manage complex preservation, restoration, or rehabilitation capital projects and bond-funded asset preservation projects from planning through design to construction at properties held and/or operated by MNHS throughout the State of Minnesota.

SUMMARY OF WORK: 1) Manage capital improvement and preservation, rehabilitation, reconstruction and restoration projects in the most efficient and cost effective manner to provide appropriate care and preservation of MNHS properties; 2) Manage contracting and purchasing processes, and maintain up to date budget summaries for all assigned capital project in strict accordance with budget limits; 3) Participate in and support planning and budgeting for long-term preservation needs of state properties; 4) Contribute to the continued development and best practices of preservation at all state historic properties; and 5) Establish and promote internal communications of the MNHS historic properties preservation program among MNHS staff, volunteers, interns, and other stakeholders.

MINIMUM QUALIFICATIONS:

- Bachelor's degree in architecture, engineering, construction, historic preservation, construction management, facility management or equivalent.
- Five years field experience in project management.
- Understanding of the Secretary of the Interior Standards for Historic Preservation, Restoration, Reconstruction, and Rehabilitation and how to interpret and apply these standards.
- Familiarity with the National Park Service Preservation Briefs.
- Knowledge in and a familiarity with construction trades, preservation and restoration of historic buildings.
- Demonstrated ability to work with architects, consultants, contractors, and a wide variety of technicians and professionals.
- Demonstrated ability to work independently and make sound judgments without supervision.
- Demonstrated ability to analyze, manage, and implement multiple projects.
- Demonstrated ability in verbal, written, and graphic communication sufficient to deal with a wide array of constituencies and clients.
variety of people.

- Demonstrated ability to cultivate and maintain positive working relationships with MNHS staff, contractors, consultants, and the general public.
- Knowledge in and a familiarity with historical research methods, resources, and techniques as it relates to the preservation and restoration of historic buildings, landscapes, and structures.
- Knowledge and ability to read, understand and explain construction documents and construction contract management principles.
- Knowledge and skill in using project management scheduling software such as Microsoft Project, Google Smartsheet, Trello, etc.
- Valid driver's license and willingness to travel statewide.

DESIRED QUALIFICATIONS:

- Graduate degree in architecture, historic preservation, or construction management with three years of experience in any of those, or a closely related field.
- Demonstrated ability in conducting and reporting Facilities Condition Assessments (FCA), using Rapid Building and Site Condition Assessment developed by the National Park Service, or any other standardized state format.
- Demonstrated ability in providing work direction to interns, volunteers, and contractors.
- Demonstrated ability in public agency purchasing, bid processes, and contracting.
- Demonstrated ability in managing preservation, repair, or construction projects valued at $5,000 - $5,000,000.
- Understanding of and a familiarity with construction contract management.
- Experience in regulatory review with State Historic Preservation Office(s) or the National Park Service.
- Experience and ability using CAD (computer-aided design) or other mechanical or architectural design software.
- Knowledge and experience in preservation, restoration, and repair of historic buildings, landscapes, and structures.
- Published work relating to historic preservation standards, practice, sustainability, or adaptive reuse.
- Ability to provide and promote preservation practices and programs both professionally and to the general public.
