ABOUT THE COOS COUNTY HISTORICAL SOCIETY

Founded in 1891, the Coos County Historical Society is the second oldest historical society in the State of Oregon. Through our mission and vision, we strive to create a better understanding of life in Coos County and Oregon's South Coast, past and present, and our place in that life. We want everyone entering our door to feel ownership and to be inspired to share and build community around the museum. Our museum serves three main purposes 1) Education 2) Regional Historic Research and 3) Providing space for the community to gather in one of the most beautiful settings on the Coos Bay Waterfront.

DIVERSITY, EQUITY & INCLUSION

Museums are a vital part of how we tell the stories of who we are, who we've been, and how we will live together. They maintain our cultural heritage and teach us about all the ways we are different and the same. Reflecting the diversity of that heritage is a critical part of the Coos County Historical Society and the Coos History Museum's work. We work towards highlighting diversity, equity, and inclusion as key focus areas in our strategic priorities and educational programming. Inclusion is how we move toward our equity goal, and diversity describes the breadth of our experiences and perspectives.
